

FLEMMING CARRIES CITY; FOWLER WINS

Unofficial Returns Indicate That Fowler Won in Every Town—General Primary Results.

The results of the primary election Tuesday demonstrated that in Ulster county the Republicans are still in favor of unofficial convention recommendations. Joseph M. Fowler, recommended for the nomination for county judge defeated Harry H. Flemming, who did not go before the convention but became a candidate on the petition of over 2,000 voters, by at least 1,200 votes. Mr. Flemming carried the city of Kingston, however, by 78 votes.

The primary vote in Kingston with the returns from the Twelfth ward missing, show Mr. Flemming carried the city by 208 votes, but unofficial counting the returns from the Twelfth ward, Mr. Flemming's city majority is lowered to 78.

Mr. Fowler carried every town in the county, losing only the city. In the Katrine, town of Ulster, district, he received all the votes, being 23. The vote in the Patekill district was Fowler 46, Flemming 1, and in the Shandaken, Second district, the vote was Fowler 18, Flemming 2. The vote in the Shawangunk First district was Flemming 127, Fowler 125. Saugerties town was carried by Mr. Fowler by 176 majority.

Hinman, recommended by the Republican organization for Supreme court justice for the Third district, carries the county by about 2,200 over George Addington, who opposed him.

Governor Charles S. Whitman ran up to expectations in Ulster county, defeating Merton Lewis, who was his contestant, by fully 3,000. Governor Whitman carried every ward in this city, getting a majority of 650.

There were no Republican contests for other county offices than county judge, nor for congress, state senator or assembly.

The opposition against Alfred E. Smith, recommended Democratic candidate for governor, was weak, as the vote for William Church Osborn, his opponent, was not very heavy.

James K. Evans, opposed by John Burns, for the Democratic nomination for congress in the Twenty-seventh district, received the bulk of the enrolled Democratic vote.

Throughout the city and county the votes by the women was not so large as was expected, the total to the number enrolled being small.

PRESTON PREPARES FOR 6 CENT FARE

The Alderman From the First Anti-Corruption Action of Public Service Commission and Wants Trolley Road to Sell 17 Tickets For a Dollar.

City Clerk Doremus at the regular monthly meeting of the common council held Tuesday evening read a communication from the Public Service Commission fixing the date for the public hearing on the six cent trolley fare in Kingston for Wednesday afternoon, September 11, at 2:30 o'clock at the office of the commission at 58 North Pearl street, Albany. President Watts referred the communication of the Public Service Commission to Corporation Counsel W. D. Brinnier. He also called attention to the fact that any of the aldermen who desired could attend the public hearing.

Alderman Preston evidently anticipates that the Public Service Commission will grant the petition of the trolley road to increase the trolley fare to six cents for he arose and said that he would like to offer a resolution that the trolley road offer 17 tickets for a dollar. At the rate of six cents the 17 tickets would cost \$1.02 and this two cents should be saved to the travelling public if they bought car tickets by the book.

President Watts said he would suggest that the matter be taken up with Mayor Canfield or whoever would represent the council at the public hearing.

Alderman Preston said that was satisfactory to him and that he would not offer the resolution.

The city fathers some time ago gave the trolley road permission to go before the Public Service Commission with the intention of boosting the trolley fare from 5 to 6 cents.

HON. CHAMP CLARK TO SPEAK HERE

At Forsyth Park at Big Patriotic Demonstration to Be Held in September.

Mayor Canfield has received word from Honorable Champ Clark, speaker of the national house of representatives, that unless something unforeseen develops that absolutely requires his presence in Washington, that he will speak at the patriotic celebration to be held September 21 at Forsyth Park. Mr. Clark is regarded as one of the most potent men in American public life and is an eloquent speaker. His address will be on "The World's War Conflict."

On the date of the celebration, the Ulster County Society in the city of New York, headed by Judge Alton B. Parker, will visit Kingston. The celebration promises to be the biggest demonstration of a patriotic nature held in Kingston since the beginning of the war. There will be one or more aviators from the government station at Mineola, and some of the latest "stunts" will be featured.

STATE PRIMARY VOTE WAS LIGHT

Whitman Beat Lewis Easily and Smith Won Over Osborn—Several Women Up For Minor Offices.

New York, Sept. 4.—Governor Charles S. Whitman was renominated for a third term in the Republican primaries by a majority over Merton Lewis, of approximately 156,000.

In the Democratic primaries, Alfred E. Smith, president of the board of aldermen of the city of New York, was nominated for governor by a majority of 136,600 over William Church Osborn.

Lieutenant Governor Edward Scheenbeck was renominated by the Republicans over William M. Bennett and Seth G. Hoacock. Senator Charles D. Newton, the Whitman candidate for attorney general, also won in a close contest with Alfred E. Berker, deputy attorney general. There were no contests in the Democratic primaries on the state ticket below the office of governor.

There was a light vote throughout the state and few women went to the polls. Several women, however, were nominated for minor offices.

Predicts Campbell's Fall.

London, Sept. 4. (11:27 a. m.)—The northern pillar of the German line is seriously threatened and the Germans are in full retreat there, says a dispatch from the front.

The speed of the British advance continues. The British have reached La Gache, southwest of Marquain. The latter town is only five and a half miles southwest of Cambrai.

VOTE SOON ON WATERPOWER BILL

By Telegraph to The Freeman.

Washington, Sept. 4.—The house buckled down today to its present program of quickly reaching a vote upon the water power development bill and then disposing of the \$8,941,663,000 revenue measure with all possible expedition in order that most representatives may fulfill their desire to return home for the campaign.

State and house leaders having both agreed to this program, the house hopes to get the revenue bill out of its way by the end of next week.

The slogan of "Stand by the President," with a platform based upon the war achievements of a Democratic administration and a Democratic congress, which Representative Ferris, of Oklahoma, chairman of the Democratic committee, brought up in the house recently, will be taken up by the Democratic representatives in their respective districts with the senate saving away on the revenue bill as reported by the house ways and means committee.

FINNISH REBELS EMULATE GERMANS

By Telegraph to The Freeman.

London, Sept. 4.—Stories of Finnish atrocities by a band of Finnish rebels are told in the London Sketch by an Englishman who has just returned from Finland.

"During March and April there were about 12,000 rebels at Tampere who were determined to kill every man, woman and child above eight years of age who did not belong to or join their creed," he said.

"A farmer's whole family was nailed by hands and tongues to a table and left there until they died. A clergyman had his eyes gouged out and then was crucified to the wall of his church and the Bible nailed to his chest."

"I was several times arrested and prodded with bayonets by these fanatics. The government forces finally succeeded in seizing and afterwards killed the fiends."

CROWN PRINCE SPEAKS OF VICTORY

By Telegraph to The Freeman.

Amsterdam, Sept. 4.—"Germany is fighting an elastic defensive battle and has no intention of being annihilated by the enemy," the German crown prince is quoted as saying in an interview published today in the Tageblatt.

"We speak openly of victory," the crown prince continues, "and our purpose is to hold our own and not permit ourselves to be vanquished by the enemy while fighting for our existence."

Although the crown prince admits that America is sending much material to the aid of the Allies he claims that "the Americans do not know what they are fighting for." "We expect the conflict to terminate when the enemy perceives that he cannot win as much as he is bound to lose," the crown prince said. "Doubtless the enemy assaults will continue for some time until the realization dawns upon him."

NEW GERMAN HORROR.

Plan to Use Still More Inhuman Gases.

Paris, Sept. 4.—Two new kinds of gas which will immediately cause blindness of the victims, are now being planned by the Boches, according to information received here today. The new gases are of a lachrymatory character designed to affect anyone nearby.

The Hun plan to launch the new gases on the western and Italian fronts.

Naturally the Allies are preparing counter measures with which to combat the new war horror of the Hun.

Food For Captured Americans.

Washington, Sept. 4.—So that American civilian and army prisoners captured by the Germans and held in camps in Germany may not starve, the quartermaster corps of the United States army today announced the purchase of immense quantities of food to be shipped to the prisoners. The purchase includes 2,500,000 pounds of hard bread; 250,000 pounds of oatmeal; 250,000 pounds of fresh beef and more than 500,000 cans of baked beans. The Red Cross has just purchased 250,000 cans of fish flakes to be included in the prison camp parcels. Immense quantities of food, including certain luxuries, will be sent immediately to the west of the camps in England and France for American soldiers.

IN THE SERVICE OF OUR COUNTRY

PRIVATE DANIEL J. DOHERTY. Left for camp July 25 and now at Camp Dix. Was employed on the tug Harry of the Cornell Line. Home at 39 DeWitt street, this city.

Sidney E. Hull of No. 30 Snyder avenue, who enlists with other honor men for Camp Jackson, Thursday afternoon, was presented today by his uncle and aunt with a wrist watch.

Private Ira Hasbrouck of Camp Dix, who has been spending a 48 hour furlough with his mother, Mrs. J. N. DeWitt, 47 South Pine street, has returned to camp.

Mr. and Mrs. William Connors have received word of the safe arrival overseas of their son, Private First-class John C. Connors, 3rd Anti-Air Craft Machine Gun Battalion, Company C.

Mrs. K. E. McAuliffe of West Hurley has received word of the safe arrival overseas of her son, Corporal Joseph A. McAuliffe, of 79th Field Artillery, Joseph, also, has a brother in the service "over there."

Employees of the central postoffice today presented William M. Schwab, special delivery messenger, with a wrist watch. This young man leaves tomorrow with the Kingston contingent entraining in this city.

The employees of J. S. Fuller & Co., Inc., presented Albert Van Buren with a handsome wrist watch and fountain pen. Mr. Van Buren leaves town Thursday for a South Carolina camp and has the best wishes from his many friends.

Private Earl B. DeWitt, who spent a three day furlough at the home of his parents, Mr. and Mrs. Lavan DeWitt, returned to Camp Dix Monday night, where he is doing his bit at clerical work in the Medical Department, 9th Battalion Infirmary.

700 SLACKERS CAUGHT IN N. Y.

By Telegraph to The Freeman.

New York, Sept. 4.—With more than thirty thousand young men arrested as slackers, suspects, the round-up by twenty thousand special government agents continued today. So far, seven hundred of those detained are held in Manhattan and Brooklyn for transfer to Camp Upton today.

Fifteen thousand of the suspects spent the night in custody awaiting the weeding out process.

A crowd of several hundred women gathered outside the armories where the suspects were detained, many of them with babies in their arms, with the draft cards of their relatives.

Representatives of all walks of life were included in the big haul. Many brought in during the early morning hours, were in evening dress.

The subway and ferry stations were again the center of activities today in the round-up. This afternoon another special drive through the East Side will be launched.

Bayler Laundry Sued.

John W. Bokert as referee sold under a judgment of foreclosure at the front door of the court house at 11 o'clock this morning, two lots of land with concrete building known as the Bayler laundry on Wilbur avenue, in an action brought by Ulster County Savings Institution against Arthur Bayler and others. It was struck off to the plaintiff, holder of the mortgage judgment for \$2,000.

Border Is Quiet.

Washington, Sept. 4.—State department officials from Nogales today reported the border situation well in hand. Numerous conferences are being held between American and Mexican officials and the Mexican ambassador is reported as extremely conciliatory in his attitude. No further trouble is feared.

GAS COMPANY FILE A NEW PETITION

Asking For Permission To Go Before Public Service Commission—Referred To Laws And Rules Committee—Alderman Schick Wanted It Considered.

Following the rejection of the petition asking the common council to grant them permission to increase the gas rates in Kingston to \$1.45 a thousand cubic feet, an increase of thirty cents, the Kingston Gas & Electric Company has been carrying on an educational campaign in an effort to impress consumers with the fact that the gas company was losing money, and Tuesday evening the gas company presented a new petition to the city fathers, which was referred to the laws and rules committee.

The new petition sets forth the fact that the gas company is losing money and giving figures purporting to be the cost of manufacturing gas for the first five months in the year. The petition then sets forth, "Therefore the company respectfully requests that in view of the abnormal conditions which now exist and which may continue indefinitely that the city council without committing itself to the amount or the extent of the increase waive the provisions of Section 10 of the agreement between the company and the city, dated December 28, 1912, in so far as the same relates to the price of gas delivered by the company to the consumers in the city, and to grant its permission to the company to file with the Public Service Commission a new schedule of rates for gas, which schedule should increase the present rates to such sum per thousand cubic feet as may be deemed by the Public Service Commission to be fair and just."

To Laws And Rules Committee.

With this petition was filed also a petition signed by about twenty-five business men of the city asking that the request of the gas company to go before the public service commission be granted. This petition was not read, however, but was referred to the laws and rules committee along with the gas company petition by President Watts.

Schick's First Attempt.

A few seconds later after the gas petition had been referred to the committee mentioned, Alderman Schick of the Third ward moved that a recess be taken for ten minutes to allow the laws and rules committee to meet and make a report back to the council on the gas company petition. This resolution was lost by a vote of 7 to 4. Aldermen Preston, Roosa, Schick, Kell, Mann, Higgins and Purvis voting "No" while Aldermen Schick, Kirchner, Kullman and Connolly voted in favor of it.

Schick Tried It Again.

A little later when the reports of the committees were called for by President Watts, the alderman from the Third moved that the laws and rules committee be given ten minutes recess to consider the gas company petition. The motion was lost by a vote of 6 to 5.

Schick's Third And Last Call.

The council then considered further business an account of which will be found elsewhere in The Freeman and after about 10 minutes had elapsed Alderman Schick of the Third made his third and last attempt to have the laws and rules committee bring the gas petition to the attention of the city fathers at the meeting. This time the alderman from the Third moved that "the laws and rules committee report on the gas petition to-night before the common council adjourn."

"It's been voted down twice," suggested Alderman Schick of the Fourth ward.

"Not the motion as it reads now," retorted the alderman from the Third calling for a vote.

The motion was lost again and this time by a vote of 6 to 4. Aldermen Preston, Schick, Kirchner, Kullman, and Connolly voting in favor and Aldermen Roosa, Schick, Kell, Mann, Higgins, and Purvis voting against the motion.

Schick Was Surprised.

"I am surprised that one of the laws and rules committee should vote 'No' on this motion," said Alderman Schick when the vote was announced.

"I was not a member of your many conferences held about the building tonight," retorted Alderman Purvis of the Thirtieth ward, at whom Alderman Schick had directed the shaft. "And I will vote 'No' every time tonight."

And so the matter rested when the council adjourned later with the laws and rules committee, who will undoubtedly make a report at the next meeting of the city fathers.

Other business transacted will be found elsewhere.

The President's Income Tax.

Washington, Sept. 4.—President Wilson will have to pay an income tax of about \$24,500—about one-third of his salary of \$75,000—it was figured today if the revenue bill is made a law as reported by the house ways and means committee.

Eden Predicts German Disaster.

Paris, Sept. 4.—That the entire German northern front is at the verge of collapse is about to be proved, is the prediction made by Henri Hildebrand, the well known French military commentator, in his paper today.

FRENCH STRIKING ALONG VESLE--NOTABLE GAINS

Zone of Interest Has Shifted to New Attack of French Armies -- British Reach Canal Du Nord and Pursuit Continues.

Operations by the French armies held the center of the war stage today. The French war office reported notable gains along the Canal du Nord, north of Noyon and between the Aisne and Alliette rivers, chiefly northeast of Soissons.

French troops along the Vesle river, where Americans have been fighting, have suddenly launched a new attack. The war office reported that detachments have crossed the river at several points. This may mean a wide German retreat is beginning in that sector. For some time it has been reported that the Germans were on the verge of falling back from the Vesle to the Aisne river and possibly beyond. The German line along the Vesle has been seriously endangered by the French and American successes north of Soissons.

French troops have smashed their way through to the western outskirts of Coucy-le-Chateau and Jumencourt. It is in this sector that the Germans have fought the hardest to stay the French advance. Crack German divisions have been hurled into the fray in that region time and again in efforts to turn the tide. The French successes, therefore, are all the more notable.

It is entirely likely now that the French armies can force a big rolling up movement of the German line along the Vesle. Many critics assert that the Germans will not be able to stand at the Aisne river as generally expected.

In the north, Field Marshal Haig reported to the British war office that the night was chiefly marked by local operations. The British have generally reached the line along the Canal du Nord but a dispatch from the London office of the International News Service this afternoon reported British troops across the canal at a point north of Peronne.

The Germans are now fighting rear guard actions all along the Canal du Nord in an effort to cover the retreat of their main forces. Dispatches from the front tell of the burning of supplies by the Germans. The British are keeping right on the heels of the enemy and giving him no rest.

In the Flanders sector British troops continue to forge ahead. They have occupied three more towns and are steadily advancing their line.

3,500 AMERICANS AT VLADIVOSTOK

Under Command of General Graves—March Announced—Our Forces in France Now Total More Than 1,600,000—Helped Take Kemmel.

Washington, Sept. 4.—The arrival at Vladivostok of Major General William S. Graves, accompanied by 43 officers and 1,938 men was announced today by Major General March, chief of staff, General Graves immediately assumed command of the American forces there, who number about 3,500 officers and men.

At the same time General March announced that up to August 31 the total American forces that have landed on all fronts is in excess of the 1,600,000 mark. While all reports are not yet available the general stated that the number of Americans actually landed in France during August was more than 250,000.

The largest number landed in France for any single month was 235,000, although in that particular month there also was a goodly number of men landed in England and at other points.

General March today identified the 30th division as the unit which participated with the British forces in the capture of Mount Kemmel. This division trained at Camp Sevier, S. C., and was taken across by Major General Reed, who now commands an army corps. It is made up of troops from Tennessee, North and South Carolina.

The general also stated that the division which is operating with the French in the fighting north of Soissons in the vicinity of Juvisy is the 32nd division, which is made up of Wisconsin and Michigan troops and left here under the command of Major General William Haan, in the operation in which these troops are participating. General March stated that the French are steadily advancing fighting in splendid style and now are only three miles from the old Hindenburg line.

General March stated that the American division which has been operating in the Vosges is the 35th division, made up of troops from Missouri.

Remember that the Welfare Stations will be opened Tuesday, Wednesday, Thursday and Friday afternoon during the "drive" from 1 to 4 o'clock, and that a trained nurse will be at each of these three stations: Welfare Stations—Corner Hasbrouck avenue and Murray street; State Charities Aid Rooms, corner of John and Crown streets; Board of Health rooms at City Hall.

Call For Draftsmen.

A call for voluntary enlistments for export mechanical draftsmen has been received by the Exemption Boards of the county. One hundred are wanted to report on September 16th for training to Camp Meade, Maryland. Those who apply are to report to the commanding officer of the Ordnance Department.

Missionary Forth Party Meeting.

A meeting of the Missionary Forth Party will be held at the home of Mrs. William Simmons, Albany avenue, on Friday afternoon at 3 o'clock. Miss Gladys Hall will be present and speak on her work at the Hampton Indian School of Hampton, Va. An invitation is extended to all.

Business Certificate Filed.

John F. Murray and Donald McLeish of this city have filed with the county clerk a certificate that they are transacting business at 446-450 Broadway, under the firm name of John F. Murray and Co. The certificate was filed for the purpose of making the firm name known to the public and for the purpose of making the firm name known to the public and for the purpose of making the firm name known to the public.

Food Administrators Confer.

Washington, Sept. 4.—Drafting a new program for national conservation of wheat, mill feeds and cottonseed products, Food Administrator Herbert Hoover and administrators from every state in the union were in conference here this afternoon. Mr. Hoover outlined the results he had accomplished in Europe and further policies to be pursued.

OFFICERS NAMED FOR W. S. S. ARMY

"General" Brinnier Announces List of Captains For Ulster Brigade to Promote Sale of Federal Securities.

General William D. Brinnier by authority vested in him as "Commander of the Ulster Brigade, of the New York State Corps of the War Savings Army" announces a list of captains for whom he has recommended commissions to men and women who personally engage in promoting the sale of War Savings Stamps in this county. The list, General Brinnier says, is not complete. He will soon give out a supplementary list of completed appointments with recommendations for the commission of lieutenant. Colonels will also be named to command regiments in the county. On the basis of effective work these commissions will be granted and forwarded from headquarters. There go with them chances of promotion; of lieutenants to captains and so on to colonels in command of regiments.

During the W. S. S. Stamp Drive last June, General Brinnier received a personal. It was accompanied with two handsomely printed, embellished documentary forms filled out in handwriting for "Commissions," ranking W. D. Brinnier as brigadier general, "commander of the Ulster Brigade, War Savings Army," and W. C. DeWitt as colonel. They were signed and countersigned by General William J. Tully, "commander of the New York State Corps, War Savings Army, headquarters Syracuse," and Lieutenant General P. L. Lang, "Chief of Staff, Waverly, N. Y."

If any other state has adopted the idea Kingston has not heard of it. Nor is there any evidence at hand here that Washington has fallen in with the idea or officially endorsed it. It is the opinion of General Brinnier that if it offers no material advantage in the sale of War Savings Stamps it can do no harm. On the other hand he thinks that it may arouse the workers to greater zeal and effort; that it inspires them with military ardor. And in letters has received from many of the best workers of the county the idea is commendable.

When he has received information that will convey to him the pleasure other W. S. S. leaders in the county may take in this form of War Savings activity he will give out the supplemental list. He desires to recommend only those to whom this form of organization is acceptable.

The latest communication received by General Brinnier from Washington is dated August 30, 1918 and signed by A. D. Marshall, Assistant to Federal Director of National War Savings Committee. It comes from the treasury, department and congratulates Mr. Brinnier "on the enterprise and intelligence you are showing in the conducting of the campaign and in the patriotic work you are doing." The attention of the national committee, it says, has been directed to "your advertisement in the Kingston Freeman of Wednesday, June 12."

General Brinnier's list of appointments for captains to whom will be sent duly signed commissions, is as follows:

Lieutenant General Percy L. Lange, Waverly, N. Y.

My Dear General:

Your letter of August 5th at hand

and in reply would say that the gentlemen whom I recommended for captains, H. Westlake Coons, Jacob V. Merrihew, Luther Hasbrouck and C. V. Hasbrouck are all men over twenty years of age and who did excellent work in the recent drive and who are entitled to a commission as captain without any question.

There are also other members of our staff, who did excellent work, and who I expect to do more work, and who, I feel should be honored with a commission of captain, and they are as per enclosed list. Send on the commissions for all of them.

Yours very truly,

WM. D. BRINNIER,
Brigadier-General, W. S. Army of
U. S. A., Ulster County.

NORTON NOW A CAPTAIN.

Pratice Preparations Made at Humphrey For New Men.

A letter from Captain James G. Norton conveying the information that now he is captain, was received by us and Mrs. James Norton of 14 Shufeldt street, Tuesday.

Ordered to Camp A. A. Humphrey, Va., at the end of his ten day's furlough spent in this city, he found on his arrival a marked change which indicates the stern resolution to get American troops "over there" as fast as possible; meaning a broad movement into training camps and no loss of time in creating camps for larger drafts.

"What was a forest when I left here is now the magical birth of a great tented city," he writes "A city of 30,000, larger than Kingston." He writes of no future movement. He doesn't know what the government will next do with him. All that he wrote as to himself was that a number had just been promoted including himself.

If the boys still at home could see how well the government is preparing to come on as soon as possible, is the glowing words he sends. Captain Norton helped lay out that camp; running lines through what was a year ago all woods. Graduated from the Kingston High School, then from the Troy Polytechnic where he finished the four year's course in civil engineering, his professional progress has been steady.

When the war broke out he was assistant engineer in the state highway department employed on construction of roads in Chenango county, headquarters at Norwich. He applied for appointment as second lieutenant in the engineers' service and obtained it July, 1917.

In January of this year he was appointed first lieutenant and on May first sailed over the sea with the regiment to which he was assigned. He had taken a month's instruction in the Plattsburg camp in 1916.

Returning from France he reached home in this city August 20th last. In an interview he described with some detail the employment of the command he was with while in France. They worked in the forests of France getting out wood. But during his three months "across" he did not see active service on the fighting line. It is open to understanding, his orders to return, that he like many other officers in the engineer service are being mobilized here in accord with the government's plan to enlarge the training camps and train more men for the engineer regiments.

Getting out wood in the French forests, he said, proved the regiment capable of taking up any light or heavy service. Though the men were not drawn from territory that is populated with lumbermen, none of his regiment having had any experience in that work, they did as well and in many cases better than the lumbermen themselves, who worked along side of Norton and fellow soldiers.

ALLABEN.

Sept. 4.—Charles Emile of Fairport, N. Y., and Marion Cline were quietly married at the home of her grandparents, Mr. and Mrs. Homer Buley, at Shandaken, Sunday, September 1. Her grandfather, the Rev. Homer Buley, performed the ceremony.

Editor: Kingston Daily Freeman:

Dear Sir:—I desire to express, through your most worthy columns, the sincere thanks of Division No. 1 boys of Ulster county, to B. Mann and Alderman Ralph Mann for the fruit and cigars which they presented to us.

We decided to hold the fruit as long as possible as we had a long journey before us, so we did not partake of any until the following morning, when it became an absolute necessity to get into it. Our train lost eight hours between Kingston and Washington at which place we picked up a dining car. It was five o'clock Wednesday afternoon when we ate our breakfast, or dinner, or was it supper? Well, anyway, it is needless to say that during that long period of fasting that fruit basket was pretty hard hit. We consumed all the most perishable fruit first, such as grapes, peaches, etc., and saved the hardest, till last, and by so doing we were still eating Mann's good fruit long after we had crossed the South Carolina-Georgia boundary line.

The cigars were of the finest. We invited the lieutenant in charge of the train in for a smoke on his first rounds and thereafter he visited us at very frequent intervals. He knew good cigars alright.

Mr. Mann and the alderman are certainly very popular with Ulster's boys and rumor has it that the alderman is to be mayor as soon as we return home.

A box of "F. & D." were also enjoyed very much and each puff was an expression of thanks to J. J. Costello.

During our one hour and forty minutes' delay at the West Shore Lake Lay lost no time in treating the boys to all the ice cream and candy we could eat. Mr. Lay was always on the jump on such occasions.

And not to forget Dr. S. Stern who saw to it that we were all provided with enough sandwiches to hold us over.

Permit me to again express the heartfelt thanks of each and every one of us boys to the above named "Good Fellows" and with hopes of being able to shake their hands and thank them in person some day, I am,

Very truly yours,

PRIVATE A. DONALD SWEENEY,

23rd Co., 6th Training Battalion,

Large Enrollment at Spencer's

One of the largest enrollment of students ever registered in the history of Spencer's Business School, corner Wall and John street, is taking place this week. Within the past few days more than fifty students have added their names to the school register, and many others are expected to enter soon. For years this institution has prepared thousands of efficient office helpers, and just now when so many are required to carry on the necessary work, scores of bright young people are responding nobly to their country's call and are equipping themselves to help in every possible way. The regular night sessions will begin this evening at 7 o'clock. A considerable number will start courses in stenography, touch-typewriting, bookkeeping, penmanship and civil service courses. Prospective students should arrange for their day or night courses this week. The demand is enormous and no time should be lost if the highest efficiency is to be attained. With Spencer's expert faculty, fine facilities, large equipment of latest model typewriters, accommodations are provided for 300 students. Patrons are invited to call for particulars at any time.

The Temperature.

The lowest point registered by the Freeman's thermometer last night was 64 degrees. The highest point registered up to noon today was 78 degrees.

Weather Forecast.

Washington, Sept. 4.—Probably rain tonight and Thursday in west portion, fair tonight; Thursday rain in east portion.

TWO DRUNKS.

One Had Been Drunk Some Time and Had Only Three Wines.

John Ryan, 60 years old, of lower Broadway, was picked up about 10 o'clock Tuesday evening on Broadway, near Hoffman street, helplessly drunk, by Officer Lawrence. Judge Schirck imposed a fine of \$5, which was paid. The court informed Ryan that it was stated Ryan had been drunk for at least three weeks and the court warned him the next time he was picked up it would mean a jail sentence.

St. Clair Barnes of West Shokan, who is employed on a local boat yard was arrested Tuesday by Officer Healey. St. Clair claimed he was feeling ill and drank three glasses of wine. That was all he drank, but it was powerful stuff, for he was too drunk to be arraigned Tuesday. He paid a fine of \$5.

Up For Reclassification.

Two score of draftees were called before Division Board No. 2, sitting in the court room at the court house today to interrogate men who were called for reclassification from other classes to Class 1-A. J. DePuy Hasbrouck, assistant district attorney, represented the attorney general's office and questioned the men.

OUR BOYS' AGAIN
IN PORT EWEN

The third patriotic demonstration in which "Our Soldier Boys" screen pictures are the star feature, will take place tonight at Port Ewen in Pythian Hall at 8 o'clock. At the last demonstration only 36 of "the boys" were shown. At this entertainment 94 of them will be screened, all the former ones, with the "boys" entering the service later, added. Also of the series of nine South Rondout "boys," and the 21 Rifton and St. Remy "boys," in which will be included the famous "Ryan Brothers Army," as Mr. Propheer has named it.

The other important number on the program will be the lecture, "Our Soldier Boys in France," by George Propheer, and illustrated with 65 stereoscopic views made from photographs taken in France by our official photographers. About 10 years of ruined cathedrals and

incorporated into this lecture since given last. It is for the payment of this set of lecture slides that the silver offering will be taken up some time during the evening to reimburse Mr. Propheer, who had to purchase them from the government. All above the amount required for this and the projection will be donated to the Red Cross. Hope Lodge, K. of P., is donating the use of its hall for this purpose.

Quite a number of pictures, shown on the screen nearly 200 pictures, divided into three different groups, with two short intermissions intervening, there will be no formal addresses. On this occasion the pictures will do nearly all the "speaking." Another interesting number will be the screen pictures of the patriotic preachers who have taken active part in these demonstrations.

The audience and the Liberty Hope Choir will sing patriotic songs accompanied on the piano by Mrs. Gillette, and directed and led by Superintendent John C. Gillette. The invocation will be by the Rev. Leonard Appleborn, pastor of the Reformed Church of the village, and the benediction will be by the Rev. Eugene A. Bookhout, pastor of the M. E. Church of the village. Judge Henry E. McKenna will act as master of ceremonies, and this will insure a smooth-running entertainment. The doors will be opened at 7:15 and the entertainment will begin at 8 o'clock. Children must be accompanied by adults.

ESOPUS.

Esopus, Sept. 3.—Mr and Mrs. John P. Ganoung entertained an auto party consisting of Mr. and Mrs. Oscar Nesbit and four children of Aston, Chenango county, on Friday and Saturday of last week. Mrs. Nesbit is a sister of Mrs. Ganoung. They went to Hobart from here where they will visit other relatives. Mr. Ganoung accompanied them as far as Kingston, returning by train the same afternoon.

Mr. and Mrs. Herbert C. Ashton of Brooklyn are spending a few days with Mr. Ashton's mother, Mrs. Edward Ashton. They have but recently returned from a three weeks' stay at Round Top, in the Catskills.

Mrs. Bullen of Schenectady, wife of Rev. Samuel Bullen, a former pastor of the Methodist Church, is visiting friends in this village.

Mrs. S. E. Mott, daughter Marian, and son, S. E. Jr., attended the pageant at Kingston on Saturday. Also Mrs. Alexander Smith, Miss Amy Smith, Jennie Smith, Mrs. Amy Sholey, Mrs. Phoebe McLean, and the Misses Estelle, Winifred and Margaret House. Probably there were others of whom the writer had no knowledge.

A business meeting of the Ladies Aid Society will be held at the home of Mrs. Alexander Smith on Wednesday afternoon of this week at 2:15. Every member is requested to be present as important questions in reference to a festival for this month and the annual fair for November are to be discussed.

Little Annie Carboni, daughter of Mr. and Mrs. Frank Carboni, was taken suddenly ill on Sunday morning. Her mother and brother, Sally, immediately took her to a New York city hospital for treatment.

In a letter to a friend in Esopus, private John Anderson writes of his voyage overseas. He was seasick for only one day. He is now feeling fine. He is serving as first aid in the wounded and he thinks he is in just the right place for with his cheery disposition he will alleviate the distress of mind as well as the bodily suffering of the wounded soldiers.

On Thursday of last week Vincent Bullen of Schenectady went to Pelham Bay to receive training for entrance to the U. S. Navy.

William Sottong of New Haven, Conn., is spending a few days at the home of his parents, Mr. and Mrs. John Sottong.

Mrs. Alton Drake returned from her visit to London, N. J., on Friday last.

The village school reopened on Tuesday of this week with Miss Margaret Sheehan as instructor. Mr. and Mrs. John Lundy and child of Esopus, Long Island are guests of Mr. Lundy's father, Hugh Lundy.

St. Remy Sept. 3.—The Rev. George Rock will preach the farewell sermon next Sunday Sept. 8th. It is hoped the church will be filled.

The last entertainment under the direction of Miss Mildred Fuge, will be the given Friday evening Sept. 6th. The plan "Proper Point" will be given. Don't fail to come out. Admission 15c and 25c. The evening and the morning will be held at the same place before and after the entertainment.

The Ladies Aid and Musicianship Society will meet in the Sunday school room Thursday afternoon, Sept. 5th.

Mr. and Mrs. Alfred Van Allen of Bridgeport, are guests of Joseph Terpenning and family.

The Red Cross entertainment in Friday evening was well rendered and the total sum of \$22.10 was realized.
